

# **Professor LEUNG Kwok-sui**

## **Honorary Fellow of HKCOS 2020**

Professor Kwok-sui LEUNG is currently an Emeritus Professor of Orthopaedics and Traumatology at The Chinese University of Hong Kong. He graduated from the Medical School of the University of Hong Kong in 1976, qualified as a general surgeon in 1980 and orthopaedic specialist in 1994.

Professor Leung had been the Chairman (2002 - 2007) and Chair Professor (2004 - 2016) of the Orthopaedics and Traumatology Department in The Chinese University of Hong Kong, as well as, Consultant and Head of the Trauma Team at the Prince of Wales Hospital. He dedicated himself not only to patient care but also to education, training, research and community service.

Professor Leung is the Founding Director of the Orthopaedic Learning Centre of The Chinese University (1999 - 2014) where over 17,000 healthcare professionals were trained up to now. In 2000, he established the Community Fall and fracture Prevention Campaign in which numerous public talks and workshops for the elderly and their carers were organized. Elders in the community are still being benefited from the programme.

The major research interests of Professor Leung were in fragility fracture registry, computer-aided orthopaedic surgery, 3D printing and personalized orthopaedic surgery, sarcopenia and osteoporosis. He was the founding member of the International Society for Fracture Repair, member of Orthopaedic Research Society, Société Internationale de Recherches

Orthopédique et de Traumatologie (SIROT), Founding President and council member of Asian Association for Dynamic Osteosynthesis, President of Asian Society for Computer Aided Orthopaedic Surgery (2008 - 2009) and International Society for Computer Aided Orthopaedic Surgery (2007 - 2008), and Vice-Chairman of the Chinese Society for Computer Assisted Surgery.

Professor Leung was a member of the editor board of Journal of Orthopaedic Trauma, Injury, Hong Kong Journal of Orthopaedic Surgery, Chinese Journal of Orthopaedic Trauma, and Journal of Orthopaedic Surgery. He is the author of 4 books, editor of 14 books, and has written two theses, 38 chapters in books, 247 papers in international peer-reviewed journals and 545 conference abstracts and proceedings. He holds 22 patents.
